2021-2022 Technology Fee

Fees for the **2021-2022** school year are **\$35.00** for all our **grade 1-6** students.

At this time there are still outstanding fees from previous years that need to be cleared up. This technology fee is not optional and plays an important part in your child's education. Students with outstanding fees may not be able to participate in extra-curricular activities, for example- ski trips or mini-basketball.

We are encouraging parents to pay all fees online through school cash. You can reach the link through our [CES website](#).
